Re: Philip Morris Patent Application PM1541

Dear Mr. Lenz:

I have enclosed a draft application, covering Philip Morris disclosure PM-1541. Please review the application and make any corrections that you feel appropriate.

I direct to your attention that PM-1016 [illegible] to PM-1534, an application that was recently reviewed by Bill Cranston of your firm. To the extent possible, I have incorporated the suggestions regarding PM-1534 in this case.

Sincerely,

David M. O'Neill
